PUBLIC ADVERTISEMENTS

OFFICE OF THE PUBLICITY OFFICER TO THE
GOVERNMENT OF MYSORE, PUBLIC OFFICES,
BANGALORE.

Press Note.

Dated 22nd August 1949.

Felling of Trees and Preparation of Cowdung Cakes.

It is a well-known fact that the country is deficit in the production of food grains. Among many other causes, want of application of manure to increase the fertility of the soil has to a great extent reduced the yield of food grains in every acre of cultivated land. The deficit of the quantity of manure required can be made to a considerable extent if only the villagers make up their mind not to fell for fuel purposes Honge and other manure trees which are useful for green manure. Even the cowdung should be used for the same purpose instead of using it for the preparation of cowdung cakes for fuel.

Government therefore make an earnest appeal to the public in general to preserve the Honge trees and cowdung solely for manure purpose

Health of Livestock for the month of July 1949.

In their order of severity, outbreaks of Black-quarter, Haemorrhagic septicaemia, Anthrax, Foot and Mouth, Sheep-pox, Contagious caprine, Pleuro-pneumonia and other diseases were encountered in the State, while it remained conspicuously free from Rinderpest during July 1949. Altogether, 453 villages were reported to have been affected by one or the other of the above contagious and infectious diseases as against 483 villages during the previous month. The number of outbreaks were highest in Shimoga and Kolar Districts, while Hassan and Chikmagalur Districts were least affected. The diseases accounted for 1,785 attacks and 1,213 deaths, as against 1,556 attacks and 1,372 deaths during the previous month.

The Departmental Staff undertook 39,168 preventive inoculations and vaccinations against all the above diseases excepting Foot and Mouth disease as against 37,752 inoculations and vaccinations during the previous month. In the absence of a reliable method of Vaccinatory intervention, other prophylactic measures were adopted against Foot and Mouth disease.

The prevalence of disease conditions attributable to helminthic infestations was reported from 153 villages by far the largest number of which belonged to Ramanagaram Taluk accounted for 39 deaths as against 198 villages affected and 49 deaths during the previous month. The special staff attached to the Parasitic disease control and the Sheep Breeders' Associations of this Department dosed 11,543 animals against Parasitic affections as against 13,409 animals during the previous month.

The rest of the Livestock remained free from diseases during the month and fodder and water were generally available throughout the State.

NOTIFYING THE CHANGE IN ADDRESS OF RATION CARD-HOLDERS.

It has come to the notice of the Rationing Officer, Bangalore City, that many Ration Card-holders in Bangalore City are not actually living in the houses mentioned on the ration cards and have changed their residences without due notice to his office as per rules. He has, therefore by virtue of powers vested in him, called upon every Ration Card holder in Bangalore City who has changed his address to notify correct address at which he is now living to the respective Divisional Food Office at which his card is assigned by 15th of September 1949. Failure to do so will entail summary cancellation of the Ration Card, in addition to penalties prescribed under the Rationing Regulations.

HALF-YEARLY REPORT OF THE RAILWAY DEPARTMENT
(FOR THE PERIOD ENDED 30th JUNE 1949).

Important measures undertaken.

1 Remodelling the station yards and buildings at Kadur and Chickajalur is nearing completion. Remodelling of station and yards at Davangere and Arsikere also made good progress.

2 Strengthening the track on the Bangalore-Mysore Section to run Y B class of engines is completed.

3 The proposal for augmenting the strength of the Drawing Branches of the Chief Engineer's and District Engineer's offices was sanctioned by Government as temporary measure for one year.

4 The contract for the supply of one lakh of teakwood sleepers by Messrs. M. N. Ahamedalli and Company, Poona was completed during the half-year and a fresh contract was entered into with them for the supply of additional 50,000 sleepers.

5 Certain anomalies that crept up during the recent revision of scales of pay were examined and proposals have been under consideration of Government.

6 As an amity to the railwaymen, a canteen on modern lines was opened at the Central Workshops, Mysore South and the question of opening such canteens at other places is also receiving consideration.

7 R. C. C. roofing was provided to the Island Platform at Mysore towards Nanjangud Town and the dismantling of the existing Mangalore tiled roofing and replacing it with R. C. C. roofing for the remaining portion is nearing completion.

8 The work of sinking a 20 feet diameter well on the rear of tank bund near Sandal Oil Factory for supplying water to the Central Workshops and Railway Colony at Mysore South has been taken up and is in progress.

9 The policy of restoring passenger train services to the pre-war level was pursued. The Administration, though handicapped by the shortages of coaching stock, took care to afford relief to sections where over-crowding was acute.

(a) The following additional train services were introduced;

(1) One pair of shuttle trains between Mysore and Bangalore;

(2) One pair of shuttle trains between Birur and Davangere;

(3) One pair of trains between Bangalore City and Chickballapur;

(4) The shuttle trains running between Bangalore and Gubbi were extended up to Arsikere;

(5) The shuttle trains running between Mysore and Hosagrahar were extended up to Arsikere.

(b) The Mail trains on the Bangalore-Mysore section and the Poona Passenger trains on the Bangalore-Haripur

were accelerated. Y B Class engines were introduced on the Mail trains between Mysore and Bangalore. This enabled not only speeding up these trains but enabled the hauling of three extra coaches by each train.

(c) Arrangements have been made to provide non-arian refreshment rooms at certain stations on this way for the convenience of travelling public.

(d) Seven bogie carriages built in Central Workshops released for service.

The re-survey of the traffic prospects of the proposed Sarajanagar-Satyamangalam-Mettupalyam Railway was completed by the South Indian Railway in collaboration with Traffic Representatives of this Railway and of the South Indian Railway and their report is due.

The manufacture of cast iron sleepers for the use of ways by the Mysore Iron and Steel Works is under process.

GENERAL STATE OF WORK AND EFFICIENCY.

The gross earnings for the half-year under review, about Rs. 120.80 lakhs as against Rs. 116.33 lakhs for first-half of last year. The coaching earnings for the year under review were about 69.21 lakhs, the goods earnings Rs. 51.03 lakhs and Miscellaneous earnings, Rs. 0.56 as against Rs. 70.55 lakhs, Rs. 44.30 lakhs and Rs. 1.48 respectively, for the first half of last year.

2 The outturn in shops for the half-year under review 30 locomotives, 135 carriages and 444 wagons as against locomotives, 134½ carriages and 327 wagons for the first of last year.

3 With a view to arresting creep on Bangalore-Mysore line, orders have been placed on Messrs. Guest, Keen & Williams, Ltd., Calcutta, for the supply of 80,000 creepers and the work will be taken up as soon as these stoppers are received.

4 An intensive campaign for rail drawing work on all lines of the Railway was taken up simultaneously for a period of four months to avoid buckling of rails.

5 The flying squad of Travelling Train Examiners appointed to eradicate the evil of ticketless travel have done good work 26,262 ticketless passengers were detected realising 40,855 whereas the figures for the corresponding period last year was only 11,680 passengers and Rs. 27,803.

6 The turn-round of wagons has been improved to 4.7 days compares favourably with the figures of other Government of India Railways. The number of wagons loaded on a railway for the half-year under review was 40,811 as against 32,380 for the first half of last year.

7 There has been an improvement in the settlement of claims cases. The number of claims cases dealt with during a period was 6,862 as against 5,498 dealt with during the corresponding period of last year and the average time taken to dispose of a case was 101 days as against 107 days, taken previously.

8 There has been considerable improvement in the punctuality of trains. The average percentage of punctuality in train services has increased to 56 as against 36 for the corresponding figure of last year.

9 With a view to developing rail traffic and providing better facilities to the mercantile public, four more out-agencies were opened at Hunsur, Chellakere, Mulbagal and Aklespur and it is proposed to open a few more out-agencies at other places shortly.

10 An additional sub-store was opened at Bangalore City to cater to the urgent needs of the several departments and so to reduce unnecessary haulage of stores materials.

IMPORTANT MEASURES REQUIRING ATTENTION.

1 With a view to eradicating the evil of ticketless travel in this railway system and to educating the public in this direction, slides are proposed to be displayed in movie theatres of important towns and placards and posters are proposed to be displayed at the Booking Offices of important railway stations.

2 To prevent thefts and pilferages of goods, it is proposed to strengthen the watch and ward establishment, especially at Bangalore, Mysore and Arsikere which are junction stations.

3 Proposals for constructing Island Platforms at Bangalore City Station as a first step of re-modelling that station have to be worked out.

4 Detailed proposals for duplicating the metre gauge track between Yesvantpur and Bangalore have also to be worked out.

5 Sanction of Government has been received to convert the three old Dodge Buses, now lying idle in Central Workshops into Ambulance vans with a view to equipping the same with necessary first-aid kit, stretchers, etc. and to make them readily available to rush to the spot of accident in an emergency. It is proposed to take up immediately the conversion of one vehicle into an Ambulance van at an estimated cost of Rs. 3,000.

IMPORTANT APPOINTMENTS TO BE MADE AND OBSERVATIONS AND SUGGESTIONS RELATING TO THE FUTURE WORKING OF THE DEPARTMENT.

1 The question of opening an Engineering Workshop for the manufacture of permanent way materials is receiving consideration of the administration.

2 With a view to implementing the orders of Government sanctioning extra staff for the Drawing Branch of the Engineering Department action is being taken through the Public Service Commissioner to select the required personnel.

3 Orders of Government have since been received for the appointment of Production Chasers in the Central Workshops and action is being taken to select the personnel with requisite qualification.

4 With a view to clearing up the 'outstandings' at Bangalore "outstanding" Inspectors have been posted and the personnel have been drafted from the Audit and Traffic Departments.

Press Note.

Dated 31st August 1949.

With a view to encouraging Harijans to take a large share in the Industrial development of the country, the Government of India have set apart a special quota of iron and steel for distribution to Harijan Co-operative Societies or such of those Harijans, as are engaged in small scale fabrication of Iron and Steel both for Agricultural and non-agricultural purposes. It is felt that there is very poor response from Harijans, for whose benefit a special quota of steel has been earmarked.

It is therefore requested that such of those Harijans, as are engaged in small scale fabrication of steel, may form Co-operative Societies or similar bodies and thus become eligible to take advantage of the Central Government's offer of a regular quota of steel. After forming such Co-operative Societies or similar bodies, they may send in their application to the Iron and Steel Controller for Mysore, Bhadravati, giving out the detailed information regarding the machinery used, the number of workers, articles fabricated and the minimum quantity of steel required per quarter. The Iron and Steel Controller for Mysore, Bhadravati, will then consolidate the applications received from the Harijan Co-operative Societies or similar bodies and forward the same to the Central Government for getting allotment of steel to the State from out of the special quota earmarked for the purpose.

It is hoped that Harijans, engaged in small-scale manufacture of steel, will take the best advantage of the offer and make the scheme, envisaged by the Central Government, a success.

Press Note.

Dated 31st August 1949.

The Government of Mysore have passed orders under Section 26 of the Mysore Administration of Evacuee Property (Emergency) Act, 1949, prohibiting the transfers of immovable property situated in the areas mentioned below.—

- 1 Bangalore District (Urban).
- 2 Ramanagaram (Closepet), Channarayana and Kankenballi Taluks.
- 3 Mysore, T. Narasipur and Hadasur Taluks.
- 4 Kolar and Bowringpet Taluks.
- 5 Tumkur, Tipur, Sirs and Kuoigal Taluks.
- 6 Mandya, Malavalli, Nagamangala and Krishnarajapur Taluks.
- 7 Shimoga, Chennagiri and Honnali Taluks.
- 8 Hassan and Arakere Taluks.
- 9 Chikmagalur and Tarikere Taluks.
- 10 Chitaldrug and inclusive of all Municipal areas in the above taluks.

This has been done in accordance with an all-India policy for taking effective action to prevent frittering away of evacuee property and to prevent fraudulent transfers. The Deputy Commissioners of Districts have been empowered to grant exemptions where necessary, from the operation of this order, freely, in all bona-fide cases with the minimum amount of delay.

Dated 31st August 1949

Press Note.

The attention of Government has been drawn to certain statements alleged to have been made by some of the speakers at the Labour Conference held in Bangalore last week-end.

It is complained that minimum wages have not yet been fixed in Mysore. The public must be aware that the Minimum Wages Act was recently passed and Rules under the Act were framed and published only last week. A Minimum Wages Board for the Kolar Gold Fields area has been appointed and was awaiting the publication of the rules to begin its work. Separate Boards will be constituted for each industry and area. The matter is being attended to with expedition and there is no point in complaining as if the Government were idling.

It is asked "how can a man live on Rs. 15 or 20 a month?" The lowest paid servant in any Government Department or Concern gets Rs. 27 a month. There are only a few of them,—sweepers and scavengers among whom more than one in each family work. Most among even the menial establishments get more than Rs. 30 a month. Among industrial labourers the average basic pay is about 14 annas a day which, together with the D. A. which varies from Rs. 8 to Rs. 30 a month, aggregates Rs. 30 and more per month. It is misleading to state that any employee is asked to live on Rs. 15 per month only.

Agricultural labourers are much worse off than industrial labourers and there is a trek towards towns and cities which, besides showing that conditions of industrial labour are more attractive—such as they are—is affecting prejudicially the output of agricultural produce. Government feel that there must be parity between agricultural labour and industrial labour, having due regard to the different environments in which each works; and that the conditions of industrial labour is improving from day to day.

To say that workers will no longer tolerate, that the conditions are such as will cause shame and surprise and the like are calculated to incite the workers. It is reported that Shri Asoka Mehta stated that "while Governments are deceiving the workers, how can the workers have any mind to work?" If the report is true, it is an extravagant statement far from truth and a direct incitement to the workers.

Finally, civil liberties are alleged to have been violated. Government are definitely of opinion that while individual liberty is valuable and Government are willing and anxious to protect it, the security of the State and the maintenance of law and order with a view to the preservation of peace and tranquillity is as valuable, if not even more so; and whenever any individual threatens the latter he has to be prevented from doing so. Civil liberties are not only protected but those who endanger and violate them are prevented from doing so.

Labourers have their best friends in the Government who are doing and will do all they can to help them to improve their conditions of life and work. Government have secured a number of legislative enactments passed within the last few years calculated to improve the conditions of labour. Apart from the Labour Act and the Factories Act, they have got the Payment of Wages Act, the Holidays with Pay Act, the Canteens Act, the Shops and Establishments Act, the Employees' Insurance Act, the Children's Act, the Minimum

Wages Act and the Labour Housing Act, all of which being expeditiously enforced.

The Labour Act was found to be capable of improvement and Government had a bill ready. It has been postponed the suggestion of the Dominion Government with a view to bring about uniformity of law throughout India.

A number of administrative measures have been taken hand. Labour Investigators and Labour Welfare Officers appointed in every place to watch over and protect interests of the workers. An independent Labour Secretariat has been constituted with a full complement of officers attend to the welfare of labour. An Employment Exchange has been established which is finding jobs for the unemployed and is increasingly becoming useful. A grant of Rs. 10 lakhs has been made for Labour Housing and the City Improvement Trust Board, Bangalore, is building houses on approved patterns for labourers in the Industrial area. The work will be carried on all over the State. A Special Officer is being appointed to enquire into and report upon the conditions of women workers in the State. Inspectorates are being increased and officers appointed to enforce all the rules and regulations for the benefit of workers. Assistant Commissioners of Labour are in charge of various divisions and are daily in contact with workers suggesting to them and to the Employers as also to the Government what is desirable each to do with a view to improving the conditions of life and work of labourers all over the State.

The State is abreast of the latest movements in labour advancement and welfare and is enforcing all the conventions and recommendations of the International Labour Organization ratified and accepted by the Dominion Government.

It is needless for Government to point out that the misleading statements made at the Labour Conference are, to say the least, unfounded and calculated to harm the cause of the workers in the State.

4. The final acceptance of the tender will rest with the Conservator of Forests, Shimoga, who does not bind himself to accept the lowest or any tender or to assign any reason whatsoever for the rejection of the same.

5. The name of the successful tenderer will be notified in due course on the Notice Board of the District Forest Office, Bhadravati, and the tenderer should within a week of the intimation therefor, enter into an agreement for the due fulfilment of contract duly furnishing a cash security deposit of Rs. 200 in the Government Treasury inclusive of the amount of earnest money already paid. In default to execute the bond and to furnish security deposit the tender will be cancelled and the earnest money forfeited to Government.

6. The tenderer should supply the rations in time and at the appointed places to the Range Officer and should also be prepared to remove and replace provisions which may be rejected by the Range Officer. In case he fails to do so the supply will be made by the Department and all extra charges will have to be borne by the contractor himself which will be recovered from the security deposit.

7. Once in a month the tenderer will be paid through the Range Forest Officer for the value of the rations that may be supplied during the month on a bill to be prepared and sent to this office for sanction along with the receipts previously obtained by him for the supply of rations to the Range Officers after the bill is countersigned by the District Forest Officer.

8. The earnest money of the rejected tenderers will be returned to them immediately if they happen to be present at the time of opening of tenders and to others by post at their cost.

9. In all cases of disputes concerning the contract, the decision of the Conservator of Forests will be treated as final.

10. The contractor should also supply any special rates required whenever required at the current market rates.

11. For breach of any of the foregoing conditions, District Forest Officer will be at liberty either to fine contractor to the extent of Rs. 5 in each case or to cancel contract at any stage and forfeit the deposit in full or part. The fine, if any, levied on the contractor will be recovered from the contractor's bill or security deposit.

12. The deposit of the contractor will be returned a month after the expiry of the contract period if the terms of the contract as per tender notification are fulfilled.

4 The tendered rate should be noted for work to be done as per standard specifications approved by the Department and for using the best quality of materials.

5 The whole work should be completed within six months from the date of acceptance of the tender. Within eight days of the acceptance of the tender, the successful tenderer will be required to execute the agreement in the departmental schedule contract form for the due fulfilment of the contract.

6 The final acceptance of any tender will rest with the Chief Electrical Engineer to the Government of Mysore, Bangalore, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender or only portion of a tender. If any dispute arises in the interpretation of the clauses of the tender in respect of any item of work or specification, the decision of the Chief Electrical Engineer shall be final.

7 The earnest money will be forfeited to Government if the tenderer backs out when his tender is accepted or if he fails to execute the work satisfactorily in time, his contract will be cancelled and other arrangements will be made by the Department. Thus, any loss or extra expenditure that may have to be incurred by the Department will be recovered from him either as arrears of land revenue or in any manner considered suitable.

8 Cement will be supplied departmentally at the Off Stokes, Sivasamudram, at the prevailing market rate and indicate expenses with centage.
